The Working Group of captioned Committee met on 9/4/74 and a copy of the agenda and minutes are attached.

Mr. James A. F. Kelly, Assistant Director IACP Research Division, addressed the group and furnished background data concerning the organization of the IACP, its membership strength, the fact that it represents approximately 60 nations and also has approximately 3,000 corporate security directors as members.

Mr. Kelly stated that IACP would like to exchange information regarding the terrorist problem, particularly as it involves the various corporations. He stated that because of the nature of the IACP, that it is difficult for them to gather information. IACP does not want hard intelligence information. It would like to gather the type of information that can be processed to develop preventative measures on the part of the corporations.

Mr. Kelly advised that he had testified before Congressman Ichord's Committee and that IACP was against the regional terrorist teams which would be utilized in an operational capacity. He said this would only obstruct rather than assist in the ongoing investigation. He did feel, however, that IACP would support the concept of development of teams with behavioral science background that could be called upon if needed by the group handling the investigation.

During the presentation, Mr. Kelly did not make any requests of any of the individual members or the Cabinet Committee as such for assistance in supporting any of IACP's activities. His presentation was merely to inform the group of IACP's assistance and how they felt they might be of assistance.

The Working Group of captioned Committee met on 11/27/74 and a copy of the agenda and minutes are attached. *RP/SSM*

It is noted discussion of the "Philippine Embassy case" was one of the agenda items and Ambassador Hoffacker, Chairman of the Working Group of captioned Committee, congratulated all concerned on the smooth handling of a potentially dangerous situation. *li*

In regard to the guidelines mentioned on page 2 of the minutes, these were the subject of Putman to Wannall memorandum dated 11/11/74, captioned "Guidelines for Dealing with Terrorism with International Ramifications." As pointed out in that memorandum, generally the guidelines suggest refusal to meet any demands for ransom or prisoner releases and set forth arguments both for and against a demand for release of a victim in exchange for a terrorist being afforded free departure. Nothing in the guidelines conflict or infringe upon standing responsibilities of the FBI.

JA
My memorandum of 1/8/75 advised that I would meet along with Ambassador Lewis Hoffacker, Chairman, Cabinet Committee to Combat Terrorism, and others, with Mr. Abraham Fontein, Deputy Secretary General and Director General of Police, Ministry of Justice and the Deputy Prime Minister Andreas van Agt of the Netherlands for the purpose of discussing terrorism.

MINISTRY OF JUSTICE

This meeting took place on 1/10/75 and a copy of the minutes are attached. Also attached is a copy of a letter to the American Ambassador to The Hague advising of our briefing.

The meeting was very worthwhile and provoked very frank discussions. The letter to the Ambassador notes that our Legal Attache in Bonn will be directed to follow up with Mr. Fontein on several technical points and possibly obtain details concerning the prison chapel terrorist incident. Ambassador Hoffacker was also desirous of us furnishing to the Dutch our psychological guidelines for hostage situations. A copy of which is attached. These guidelines were previously furnished to the Tunisian Government during a hijacking situation and the Training Division has coordinated this matter.

REC-50 62-115360-121

Mr. Fontein was most cooperative and appeared to be very receptive to our views in connection with terrorist incidents. He appeared to be an individual who could be of excellent assistance to our Legats and by attached airtel being advised of our meeting in the U. S. and requested to contact Mr. Fontein unless some reason known only to him would preclude such a contact.

The Working Group of captioned Committee met on 1/22/75 and Ambassador Hoffacker, Chairman of the Working Group, furnished a letter and draft memorandum for the President which he proposes that Secretary Kissinger, in his position as Chairman of the Cabinet Committee, forward to the President giving a progress report on the activities of the Committee. Ambassador Hoffacker requests any comments be furnished by January 29, 1975.

The FBI is mentioned in the draft memorandum on pages 1, 3, 6, and 10. All references accurately portray the FBI's responsibility in connection with terrorist activities. Page 5 briefly touches on efforts to utilize NATO. The Philippine Embassy takeover is mentioned on page 3 as well as other FBI cases that are mentioned on page 10. The draft memorandum appears to be an accurate report of the operations of the Cabinet Committee and no comments would appear to be necessary from the FBI.

ACTION:

If you agree, Ambassador Hoffacker will be advised that the FBI concurs with this draft memorandum.

By letter dated December 23, 1974, the International Criminal Police Organization (INTERPOL) advised that an "International Symposium on Cases Involving Hostages" would be held at INTERPOL Headquarters, Saint Cloud, France, February 3 - 5, 1975.

The letter noted that Ambassador Lewis Hoffacker, Special Assistant to the Secretary and Coordinator for Combatting Terrorism, Department of State, has indicated a desire to either attend or have a member of his committee attend. INTERPOL letter stated that they were aware the subject matter is of utmost interest to the FBI and furnished material concerning the symposium in the event the FBI intended to have a representative serve as a delegate from the United States.

The symposium will involve terrorist activities, will discuss interesting cases involving mentally deranged persons, the sequestration of family members, armed robbery, aircraft hijacking, etc. It will discuss equipment and other resources to combat this threat and will discuss international cooperation.

It is felt that this symposium would be of considerable benefit to the FBI. Section Chief Forrest S. Putman, Jr., of the Intelligence Division, is a member of Ambassador Hoffacker's committee and is thoroughly knowledgeable with terrorist activities. Inspector Richard F. Bates is thoroughly familiar with bank robberies, kidnappings, and aircraft hijackings where hostages have been taken.

ACTION: It is recommended that Section Chief Forrest S. Putman, Jr. of the Intelligence Division and Inspector Richard F. Bates of the General Investigative Division attend this symposium. If approved, there is attached a letter to Louis B. Sims, Chief of INTERPOL, Washington, D. C.

Ambassador Lewis Hoffacker, Chairman, Cabinet Committee to Combat Terrorism, has advised me that he intends to retire from the Department of State at the end of February, 1975.

Ambassador Hoffacker has served the Department of State approximately 26 years and has been in his present position as Chairman of the Working Group since July, 1973. He has served this Committee very faithfully and has applied himself diligently to direct the Committee into areas where it can more effectively combat terrorism at home and abroad. He has been most cooperative with the FBI and the Bureau has worked very closely with him on many terrorist/hostage type situations, both at home and abroad. The most recent case of this type was the one involving the takeover of the Philippine Embassy in Washington, D. C. Ambassador Hoffacker was at all time ready and willing to offer any assistance from his position that he could while at the same time taking every step to insure that he did not interfere with the normal functions of any of the operating groups, especially the FBI. Ambassador Hoffacker will be missed not only as a friend of the FBI but as a very competent leader of the Working Group of the Cabinet Committee.

In view of his association with the FBI, it is felt that a letter of appreciation over the Director's signature would be most appropriate. Nothing in Bufiles would preclude writing such a letter and letter should be addressed to: Ambassador Lewis Hoffacker, Chairman, Cabinet Committee to Combat Terrorism, Room 5243A, Department of State, Washington, D. C.

NOTE:

Ambassador Lewis Hoffacker requested the FBI designate a representative for the State Department's Behavioral Science Resource Group. This resource group will examine all behavioral aspects of the U.S. Government's response to terrorism, review current procedures, study case examples, suggest alternate approaches and discuss new initiatives. It is expected that this resource group will meet periodically and report to the Chairman of the Working Group of the Cabinet Committee to Combat Terrorism. SA Mullany has been contacted regarding this and he advised that if approved by the Training Division, he would act as the FBI's representative for this group. It is pointed out that this group is similar to one presently under consideration by the FBI, the Training, Research and Management Staff (TRANS) program, which will deal with behavioral aspects of terrorism. The resource group of the State Department will deal with international aspects. This matter has been coordinated with Assistant Director Jamieson of the Training Division.
